### Item

3701-26-04(P)(10) Safety. The campground started replacing the deck area near the pond. There are still cracked/broken boards that are protruding. Continue to work on this area.

3701-26-04(H)(5) Camp management. The pile of trash previously observed has been reduced since the last inspection. There is still a pile, continue to address issue.

Since the last inspection the following has been corrected: No campers were observed having a direct connection to a gray water system. All signs for gray water systems have proper verbage. The emergency sign has all proper information on it.

Thank you for addressing these issues in a timely manner.

Based on an inspection this day, the above marked violations must be corrected by the time(s) specified in this report. Failure to comply with any specified time limit(s) may result in revocation or suspension of your Park or Camp license.
