**Item**

**Description of Violation**

3701-26-04(J)(5) All water hoses used for human consumption in a campground must be rated for potable water use only. In spot checking, still observed some units using a green garden hose. Management has placed a sign up telling resident to switch. Continue to address the issue.

3701-26-04(M)(1)(i) Gray water nuisance. Lot 137 has hose running to ground connected to gray water outlet on unit. Management has a sign up instructing campers to cease. Address the issue with specific campers.

3701-26-04(M)(1)(c) Gray water signs. These need to say "no septic". Some of the sings in the campground have been changed. Continue to switch these signs out.

3701-26-04(N)(3)(f) All restroom doors need to have self-closing or a modesty shield installed.

Items corrected since last inspection: Lots are identified, dump sign has been corrected, playground equipment has been repaired, emergency sign has proper information. Thank you for addressing this in a timely manner.

Based on an inspection this day, the above marked violations must be corrected by the time(s) specified in this report. Failure to comply with any specified time limit(s) may result in revocation or suspension of your Park or Camp license.
