May 12, 2020

The Defiance County General Health District (DCGHD) is closely monitoring Coronavirus Disease 2019 (COVID-19). New Orders signed by Ohio Department of Health Director, Dr. Amy Acton, have required specific sectors to operate under specific mandates and best practices named Responsible Restart Ohio. Those sectors shall follow these minimum level, sector specific requirements during operations.

DCGHD will be responsible for educating sectors on specific guidelines related to the Responsible Restart Ohio plan, and will respond to concerns from consumers, employees, and the public. The impact of COVID-19 has caused unprecedented challenges.

Employees in the Public sector work in different environments. Review the enclosed guidelines for these different environments, and ensure employees are aware of these requirements.

- The business sector specific guidance can be found at: https://coronavirus.ohio.gov/responsiblerestartohio

GUIDING PRINCIPLES

1. Protect the health of employees, customers and their families
2. Support community efforts to control the spread of the virus
3. Lead in responsibly getting Ohio back to work

5 PROTOCOLS FOR ALL BUSINESSES:

1. Require face coverings for employees and recommend them for clients/customers at all times.
2. Conduct daily health assessments by employers and employees (self-evaluation) to determine if “fit for duty.”
3. Maintain good hygiene at all times – hand washing and social distancing.
4. Clean and sanitize workplaces throughout workday and at the close of business or between shifts.

Find industry-specific required criteria at Coronavirus.Ohio.Gov/ResponsibleRestartOhio

TAKE THE FOLLOWING ACTIONS WHEN A COVID-19 INFECTION IS IDENTIFIED:

- Immediately report employee or customer infections to the local health district.
- Work with local health department to identify potentially exposed individuals to help facilitate appropriate communication/contact tracing.
- Shutdown shop/floor for deep sanitation if possible.
- Professionally clean and sanitize site/location.
- Reopen in consultation with the local health department.

COVID-19 FAQs

**Cloth masks or face coverings in the workplace**

**Q:** Who is required to wear a cloth mask or face covering?

**A:** The requirement to wear cloth face coverings applies to employers and employees at Ohio workplaces. Businesses in the manufacturing, distribution, and construction industries are authorized to open May 4; general office environments are authorized to open May 4; and consumer, retail, and service locations are authorized to open May 12. For additional information, visit the Responsible RestartOhio page at [coronavirus.ohio.gov](http://coronavirus.ohio.gov).

**Q:** Are there exceptions?

**A:** Yes. Employers and employees are not required to wear face coverings if it is not advised due to health reasons, against documented industry best practices, prohibited for a specific position by law or regulation, or a violation of a company’s safety policy. A face covering also is not required if an employee is working alone in an enclosed workspace or if there is a practical reason one cannot be worn. If any of these exceptions apply, written justification must be provided upon request.

**Q:** What else should I do to protect myself if I go to work?

**A:** Whenever possible stay at least 6 feet from other people. Wash your hands often, try not to touch your face, and frequently disinfect work areas and high-touch items in your workplace with disinfecting cleanser. Don’t share work materials or equipment, especially equipment used near the face. Don’t congregate with others in breakrooms or other areas. Avoid public or shared transportation if possible. Monitor yourself for [COVID-19 symptoms](https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html) and stay home if you experience any or otherwise feel sick.

**Q:** Why aren’t face coverings required for customers, clients, and other visitors or guests?

**A:** Face coverings are strongly recommended for people who can safely wear them. The decision to exempt customers from the requirement was made to protect Ohioans who cannot wear face coverings, such as people who have severe asthma or breathing issues, hearing aids, autism, post-traumatic stress disorder, or claustrophobia. *In addition, face coverings should NEVER be worn by or placed on people who are younger than 2, have difficulty breathing, or are unconscious, incapacitated, or otherwise unable to remove them without assistance.*

**Q:** Why should I wear a face covering?

**A:** Many people with COVID-19 have no symptoms, so the Centers for Disease Control and Prevention
advises that Americans wear cloth face coverings as a possible way to protect one another from infection. It is important to note that face coverings are not a substitute for other prevention efforts, such as hand-washing and social distancing. Continue to stay 6 feet from others whenever possible, to clean hands frequently, and to follow the other prevention methods in the below graphic.

**Q:** What is the proper way to wear a face covering?

**A:** Use a face covering that fits snugly but comfortably and allows for breathing without restriction. Wear horizontally, covering nose, mouth, and chin at all times, and secure behind the head with ties or ear loops. Wash your hands before putting the face covering on and immediately after removing it, and don’t touch your eyes, nose or mouth when taking it off. Routinely launder and dry the covering. Do not wear when wet.

**Q:** Where can I get a face covering?

**A:** You can make your own face covering with multiple layers of a fabric that does not damage or lose shape when machine laundered and dried. You also can support small businesses selling fabric face coverings at a reasonable price — but watch out for scammers offering high-priced or so-called superior face coverings. Instructions for making your own sewn or no-sew face covering can be found [here](https://coronavirus.ohio.gov). Do not use medical masks, which must be reserved for healthcare workers and first responders.

For additional information, visit [coronavirus.ohio.gov](https://coronavirus.ohio.gov).

For answers to your COVID-19 questions, call 1-833-4-ASK-ODH (1-833-427-5634).

Your mental health is just as important as your physical health. If you or a loved one are experiencing anxiety related to the coronavirus pandemic, help is available 24 hours a day, seven days a week. Call the COVID-19 CareLine at 1-800-720-9616.
Protect yourself and others from COVID-19 by taking these precautions.

For additional information call 1-833-4-ASK-ODH or visit coronavirus.ohio.gov.

- Stay home
- Practice social distancing
- Get adequate sleep and eat well-balanced meals
- Wash hands often with water and soap (20 seconds or longer)
- Dry hands with a clean towel or air dry your hands
- Cover your mouth with a tissue or sleeve when coughing or sneezing
- Avoid touching your eyes, nose, or mouth with unwashed hands or after touching surfaces
- Clean and disinfect "high-touch" surfaces often
- Call before visiting your doctor
- Practice good hygiene habits
**Cloth Face Covering (Masks)**

The Centers for Disease Control and Prevention (CDC) has recommended that Americans wear cloth face coverings (masks) in public to help slow the spread of COVID-19. This recommendation is being made based on studies that show a significant proportion of people with COVID-19 lack symptoms and can transmit the virus to others in close proximity, through speaking, coughing, sneezing or other means. Ohio Department of Health Director Amy Acton, M.D., MPH, strongly recommends that Ohioans take the following actions:

- Use coverings in public settings where other social distancing measures are difficult to maintain, such as grocery stores, pharmacies, and public parks.
- Maintain 6-feet social distancing whenever possible, even if you are wearing a face covering.
- **DO NOT** place cloth face coverings on children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- **DO NOT** use medical supply masks, which must be reserved for healthcare workers, first responders, and people who are known to be sick.
- Make cloth face coverings from household items or common materials. Use multiple layers of a fabric that does not damage or lose shape when laundered or machine dried.

**Other Dos and Don’ts**

- **DO** use coverings that fit snugly but comfortably and allow for breathing without restriction. Secure behind the head with ties or ear loops. Wear horizontally.
- **DO NOT** touch the mask while wearing it. If you do, wash your hands immediately.
- **DO** ensure that your nose, mouth, and chin are covered at all times.
- **DO NOT** allow the mask to slip under your nose and **DO NOT** untie straps/unhook ear loops.
- **DO** wash your hands before putting on and immediately after removing.
- **DO NOT** touch your eyes, nose, or mouth when removing the face covering.
- **DO** launder coverings after each use.
- **DO NOT** wear when wet from laundering or from spit or mucus.

COVID-19 Checklist for When to Contact Your Provider
Top Recommendations If You Feel Sick

Ohio Department of Health Director Amy Acton, M.D., MPH, strongly recommends that all Ohioans take the following actions:

☐ Pay attention for these signs that you may have COVID-19:
  • Cough.
  • Shortness of breath/difficulty breathing.
  • Two or more of these symptoms:
    ▪ Fever.
    ▪ Chills.
    ▪ Repeated shaking with chills.
    ▪ Muscle pain.
    ▪ Headache.
    ▪ Sore throat.
    ▪ Loss of taste or smell.

Symptoms may be mild or severe and may appear two to 14 days after exposure to the virus.

☐ Call your doctor immediately (before seeking care) if you feel like you are developing these symptoms. If you have a medical appointment, call the healthcare provider and tell them that you have symptoms consistent with COVID-19. This will help the healthcare provider’s office take steps to keep other people from getting infected or exposed. Put on a cloth face covering before you enter the facility.

☐ Seek prompt medical attention if you develop emergency warning signs for COVID-19. In adults, these can include:
  • Difficulty breathing or shortness of breath
  • Persistent pain or pressure in chest
  • New confusion or inability to arouse
  • Bluish lips or face.

This list is not all inclusive. Please consult your healthcare provider for any other severe or concerning symptoms.

For more information, visit: coronavirus.ohio.gov
Ask your doctor to call the local health department or the Ohio Department of Health if COVID-19 is suspected. People who are placed under active monitoring or facilitated self-monitoring should follow instructions provided by the local health department.

For additional information, visit coronavirus.ohio.gov.

For answers to your COVID-19 questions, call 1-833-4-ASK-ODH (1-833-427-5634).

Your mental health is just as important as your physical health. If you or a loved one are experiencing anxiety related to the coronavirus pandemic, help is available 24 hours a day, seven days a week. Call the COVID-19 CareLine at 1-800-720-9616.
CORONAVIRUS DISEASE 2019 Ohio Department of Health

PREVENTION

Protect yourself and others from COVID-19 by taking these precautions.

For additional information call 1-833-4-ASK-ODH or visit coronavirus.ohio.gov.

- STAY HOME
- PRACTICE SOCIAL DISTANCING
- GET ADEQUATE SLEEP AND EAT WELL-BALANCED MEALS
- WASH HANDS OFTEN WITH WATER AND SOAP (20 SECONDS OR LONGER)
- DRY HANDS WITH A CLEAN TOWEL OR AIR DRY YOUR HANDS
- COVER YOUR MOUTH WITH A TISSUE OR SLEEVE WHEN COUGHING OR SNEEZING
- AVOID TOUCHING YOUR EYES, NOSE, OR MOUTH WITH UNWASHED HANDS OR AFTER TOUCHING SURFACES
- CLEAN AND DISINFECT "HIGH-TOUCH" SURFACES OFTEN
- CALL BEFORE VISITING YOUR DOCTOR
- PRACTICE GOOD HYGIENE HABITS

For more information, visit: coronavirus.ohio.gov
Wet your hands with clean, running water (warm or cold), turn off the tap, and apply soap.

Lather your hands by rubbing them together with the soap. Be sure to lather the backs of your hands, between your fingers, and under your nails.

Scrub your hands for at least 20 seconds. Need a timer? Hum the “Happy Birthday” song from beginning to end twice.

Rinse hands well under clean, running water.

Dry hands using a clean towel or air dry them.

Keeping hands clean is one of the most important things we can do to stop the spread of germs and stay healthy.
Please continue to protect yourself from all infectious diseases by using these precautions.

STAY HOME WHEN YOU ARE SICK

AVOID CONTACT WITH PEOPLE WHO ARE SICK

GET ADEQUATE SLEEP AND EAT WELL-BALANCED MEALS

WASH HANDS OFTEN WITH WATER AND SOAP (20 SECONDS OR LONGER)

DRY HANDS WITH A CLEAN TOWEL OR AIR DRY YOUR HANDS

COVER YOUR MOUTH WITH A TISSUE OR SLEEVE WHEN COUGHING OR SNEEZING

AVOID TOUCHING YOUR EYES, NOSE, OR MOUTH WITH UNWASHED HANDS OR AFTER TOUCHING SURFACES

CLEAN AND DISINFECT “HIGH-TOUCH” SURFACES OFTEN

CALL BEFORE VISITING YOUR DOCTOR

PRACTICE GOOD HYGIENE HABITS

CLEAN ALL “HIGH-TOUCH” SURFACES EVERY DAY

High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tablets, and bedside tables. Also, clean any surfaces that may have blood, stool, or body fluids on them. Use a household cleaning spray or wipe according to the label instructions. Labels contain instructions for safe and effective use of the cleaning product including precautions you should take when applying the product, such as wearing gloves and making sure you have good ventilation during use of the product.

Additional information from the Centers for Disease Control and Prevention: https://www.cdc.gov/coronavirus/
Stay home when you are sick, except to get medical care.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Wash your hands often with soap and water for at least 20 seconds.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Clean and disinfect frequently touched objects and surfaces.

Avoid close contact with people who are sick.

Avoid touching your eyes, nose, and mouth.
